### \*\*PANEL 2: The Whispering Flower\*\*

Deep within the forest, the purple light softens into a warm amber glow. Ayra is kneeling in a patch of soft, bioluminescent grass. She has set her staff down and is gently leaning toward a massive, magical flower. The flower glows with a rich, golden light, its petals uniquely arranged to form the soft, smiling expression of a sleeping face. Ayra reaches out a gloved hand, her face illuminated by the flower's radiant warmth, a look of pure wonder in her eyes.

### \*\*PANEL 3: Shadow in the Canopy\*\*

\* \*\*Scene Description:\*\*

The peaceful moment is shattered. A small, mischievous shadow sprite—jet-black with long ears and glowing, circular yellow eyes—leaps down from a high, mossy branch. With a quick, clawed swipe, the sprite snatches the glowing blue crystal pendant from Ayra's neck. Ayra's head snaps up in shock, her hand instinctively reaching toward her bare chest as the creature zips backward into the dark, tangled branches above, clutching the prize.

\* \*\*Narration (Caption):\*\*

\*But peace is fleeting in a land of magic. Curiosity goes both ways.\*

\* \*\*Dialogue:\*\*

\* \*\*Ayra:\*\* "Hey! Stop! That pendant belongs to my mother!"

\* \*\*Shadow Sprite:\*\* "Kee-kee! Shiny blue sky-stone! Mine now, slow-foot!"

### \*\*PANEL 4: The Canopy Chase\*\*

\* \*\*Scene Description:\*\*

A dynamic, vertical action shot. Ayra is high up in the treetops, chasing the elusive sprite. She holds her wooden staff aloft, and from its tip, a magical trail of glowing green leaves has sprouted, forming a floating staircase across the empty air. Ayra steps gracefully from one glowing leaf to the next, her braids flying behind her. A few branches up, the sprite clings to a vine, looking back over its shoulder with a playful, teasing grin, holding the pendant just out of reach.

\* \*\*Narration (Caption):\*\*

\*Instinct takes over. Gravity is no obstacle when you possess the magic of the wild.\*

\* \*\*Dialogue:\*\*

\* \*\*Ayra:\*\* "You're fast, little shadow, but I've climbed the Cliffs of Altara! Sprouting leaves, hold my weight!"

\* \*\*Shadow Sprite:\*\* "Catch me, catch me, leaf-walker! Up we go to the stars!"

---

### \*\*PANEL 5: A New Friend\*\*

\* \*\*Scene Description:\*\*

High above the canopy, the dense leaves part to reveal a breathtaking view of the starlit sky. Ayra is sitting comfortably on a massive, moss-covered branch, her legs dangling. The blue crystal pendant is safely back around her neck. She holds out her palm, offering a sparkling, sugar-crystallized magical berry to the shadow sprite. The sprite, sitting opposite her on the branch, has lost its mischievous edge; its yellow eyes are wide with delight as it happily nibbles on the treat. Both of them are smiling warmly under the starlight.

\* \*\*Narration (Caption):\*\*

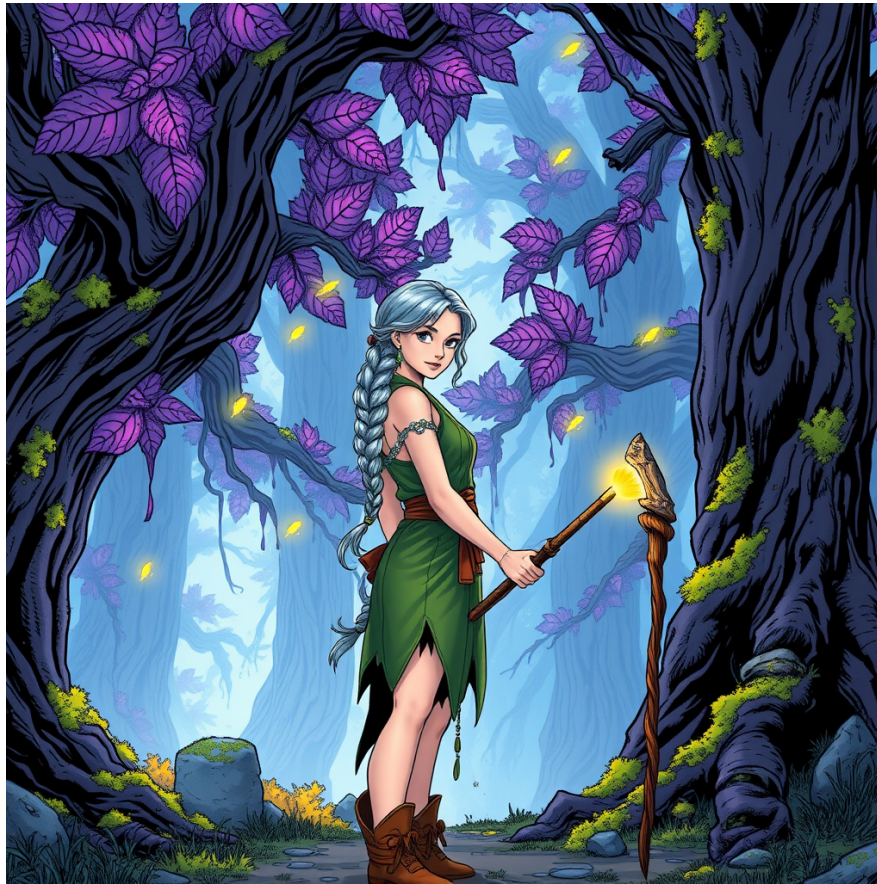

\*High above the world, anger dissolves into understanding. Sometimes, a thief is just looking for a friend.\*

\* \*\*Dialogue:\*\*

\* \*\*Ayra:\*\* "There. A sweet star-berry is much better to eat than a cold, dusty crystal. Deal?"

\* \*\*Shadow Sprite (munching happily):\*\* "Mmm! Sweet-sweet! You stay, leaf-walker? We play again?"
